Coverage

Death cover

In the event of the death of the insured party, Mora Assegurances will pay out to the beneficiary the accumulated capital and the yield obtained up to that point plus 100%, 50% or 10% of the total regular premiums pending payment, depending on the contracted percentage.

Invalidity cover

This coverage is included with the 50% or 100% death cover. The insured party will not be required to pay any more premiums in the event of their total and permanent invalidity, and the outstanding premiums will be paid by Mora Assegurances so that the capital can be recovered when they choose to do so.
